Company Profile

Back ground

Safari Pro Movers is a door to door relocation firm which specializes in both local and international relocation of household goods and personal effects.

The company was established in Rwanda in 2014, and has operations in Burundi, Kenya, Uganda, Tanzania and DR. Congo. Safari Pro Movers is owned and managed by different shareholders.

Our Office in Rwanda was established in 2014 and new incorporation in 2020. We have thirteen years of house hold and International relocation, Customs clearance, Warehousing, transport etc.

Experience in Rwanda and have set demanding packing standards. Safari Pro Movers offers a well-rounded and profession relocation and forwarding service.

Past experience, long standing membership to internationally recognized moving associations, approved track record all make for a profitable working relationship.

Our Services.

We offer full international relocations, Customs clearance, packing, assembling, Transportation and crane services, local moving, and storage services, all governed by stringent quality control parameters.

On request, we offer customs clearance and delivery services (destination services) for inbound shipments. Packing materials are locally made and some imported. Materials include high quality corrugated fiberboard cartons, barrels, bubble wrap, tissue, print paper, and polythene. All materials used surpass Removal Industry standards. Our stock is continuously inventoried and stored on pallets at our secure warehouse facility in Remera.

Fire prevention and control plans, along with the necessary fire extinguishers and approved firefighting apparatus are in place.

Personnel.

Safari Pro Movers employs professionally trained office staff and packers. The employees are recruited for their experience honesty and competence and the administration is made up of young enthusiastic professionals with skills in export/import, freight, and customs procedures.

Workshop programs and attendance at conferences with agency network partners help them keep abreast with up-to-date procedures and new approaches.

Training and retraining is a priority and is focused essentially on customer care, packing and crating of precious belongings, presentation, and timely arrival of packing crews. Three crews, each comprising of one team leader, an assistant supervisor and two packers, operate on a full time basis.
